WORK EXPERIENCE

NexVision Innovations Inc. | *Lead Full-Stack Developer* Jan 2026 – July 2026

- Absorbed as Lead Full-Stack Developer after leading the development of two enterprise applications and designing REST APIs using Node.js, PostgreSQL, and Supabase.
- Managed 50+ features with a team of 6+ members, resolved technical issues, conducted system testing, and ensured stakeholder requirements were met.

Freelance | *Web Developer 3+ Years* Nov 2023 – January 2026

- Built custom web solutions for **local and international clients**, handling full lifecycles from gathering requirements to deployment. Translated business needs into functional websites, maintaining a **95%+ satisfaction rate** via timely revisions and proactive communication.

Freelance | *Sales Support 2 Years* Jan 2023 – Dec 2024

- Advised **100+ customers** on vehicle options and coordinated with sales teams via phone and social media platforms.
- Converted inquiries into sales opportunities with a **95%+ response rate** through consistent follow-ups and addressing concerns.

Department of Education – Central Division | *SPES Clerk | Database Management* May 2024 – Aug 2024

- Encoded **1,000+ records** with **99% accuracy**, aiding document management for **8+ administrative staff**.

PROJECTS

Learning Management System with AI-Generated Reviewer | *PHP, HTML, CSS, Bootstrap, JavaScript, MySQL*

- Deployed an LMS for 1,000+ users featuring AI review generation, chatbots, automated quizzes, and predictive analytics.

Beauty Connect – Service Booking & Vendor Management Platform | *React, TypeScript, Supabase, TailwindCSS*

- Developed a multi-tenant booking platform for salons to manage appointments, POS, CRM, and staff with real-time sync.

BazaarX – Enterprise Multi-Tenant E-Commerce Platform | *React, React Native, TypeScript, Supabase, LLM, VPS*

- Architected a marketplace with AI product scanning, LLM shopping assistants, integrated POS, and inventory management.

HRMS & Payroll Management System | *Next.js, TypeScript, PostgreSQL, Face/ Fingerprint Recognition, NFC*

- Built an HRMS streamlining attendance via face/NFC recognition, payroll, leave management, and administrative reporting.
